Appomattox Bank Supports 4-H Work

The Bank of Appomattox has joined with other Virginia banks in nationwide support of 4-H Club work through a contribution to the National 4-H Club Foundation of Washington, D.C.

The Bank of Appomattox believes that the 4-H Foundation provides an excellent opportunity to broaden its traditionally strong support of the local and state 4-H movement.

The National 4-H Club Foundation conducts "Service to Youth" programs in citizenship education, leadership development, the International Farm Youth Exchange (IFYE), and operates the National 4-H Center, currently special studies are being conducted on science education in 4-H and on potential 4-H service for urban youth. Four 4-H Peace Corps groups in Brazil and Venezuela have been launched by the 4-H Foundation under a government contract.

It is noted that Virginia 4-H'ers have played an important role in the 4-H Foundation's 1962 activities. A total of 10 local leaders enrolled in one of the 4-H Leader Forums at the 4-H Center early in the spring.

Airman Martin is assigned to the 93rd Combat Defense Squadron here as an air policeman. A graduate of Appomattox High School, he is the son of Mr. and Mrs. Wesley A. Martin, Spout Spring. His wife is the former Susan M. Shue, of Atwater, Calif.

Does Your Dog Eat "Vets"?

The Junior Womans Club has collected 2,893 VETS dog food labels, according to Mrs. Frances Lewis, local club chairman.

A large percentage of these came from Martin Krams, of Stonewall Community, who breeds and raises chihuahua dogs.

A TIMES article about Krams gave publicity to the Junior Club collection, reports Mrs. Lewis, and brought in a good response from readers, including Miss Nancy Harvey, who was living in Colorado at the time.

The labels help to secure "Pilot Dogs" for the blind. Any Junior Club member will be glad to take the labels to increase this total, Mrs. Lewis said.

Board Sanctions Adult Training In Civil Defense

A new civil defense training program for adults in Virginia gained the sanction of the State Board of Education Friday, Oct. 26, at a meeting at Roanoke.

G. L. Quirk, state director of secondary education, told the board that "in view of what has happened and what is happening now, we think it advisable that Virginia go into this (CD) program."

The plan calls for hiring three "professionals" who would take special courses at national CD headquarters at Battle Creek, Mich., and then return to the state to instruct other persons in setting up a state - wide plan.

The state will sign a contract with the United States Office of Education to get the program under way, Quirk said.

Dr. Woodrow Wilkerson, state superintendent of public instruction, said he hopes to see the program operating at the local level soon after the first of the year.

1 O'Clock "Score"

A strange noise on the roof and a low moan frightened a local housewife the other morning about one a.m. Since her husband was out of town, she telephoned for help.

The noise turned out to be a prowler, all right — a large, black cat. His "tricks" turned out to be no "treat" at all for at least two families who lost sleep over a misplaced Halloween cat.

Xmas Surprise

Five lucky ladies will have a bright poinsettia on Christmas morning, the results of a drawing at the recent Lions Club Ladies Night. They are Mrs. Newton Jennings, Mrs. Alva T. Parris, Miss Flora Belle Williams, Mrs. T. M. Trent, and Mrs. Edwin Carter.

Appomattox Bank Declares Dividend

The Bank of Appomattox, Appomattox Va., is now in process of disbursing a Stock Dividend of 25 per cent, by action of its Board of Directors, on October 19th, 1962, to Stockholders of record on that date.

Stockholders will receive increased Shares on the basis of one (1) additional Share for each four (4) Shares presently owned.

No Fractional Shares will be issued, as such. They may be traded among Sotckholders to round - out their holdings, and any un - matched Fractional Shares will be settled for in cash on or before December 15th, 1962.

In addition to the Stock Dividend which increased the Bank's Common Capital to $50,000.00, divided into 1,000 shares, with a par value of $50.00, each, the Board also increased the Surplus Account to $100,000.00, both increases being accomplished by transferring $50,000.00 from accumulated profits of the Bank.

Payment of a Stock Dividend is nothing new for the Bank, although it has been 39 years since any such dividend was paid; previous Stock Dividends have been paid as follows; 50 per cent in 1948, another for 50 per cent in 1923.

Historically, an original Stockholder that purchased two (2) shares in 1901, and subsequently purchased three (3) additional shares as they were made available by the Bank; in 1918 and 1923, would have purchased five (5) shares at a total cost of $425.00. That Stockholder with the three (3) Stock Dividends would now own ten (10) shares with a total Book Value of $3,642.50; a Book Value increase or profit of $3,217.50, and in addition substantial Cash Dividends have been paid during most of that time.

Assets are steadily increasing and additional expanded Banking facilities are now in progress at the Bank's Hillcrest Branch, as to which future announcements will be made.
